Each community is expected to have at least one representative to attend meetings when necessary and act as a liaison to the VIGS board.

VIGS works in association with the SEPA umpires.

LEAGUE MEMBERSHIP*

1. Any softball organization wishing to join the Valley Inter-Community Softball League must meet the following three (3) qualifications:
 - a. The prospective organization must be associated with a younger intramural (feeder) program.
 - b. The prospective organization must have an open registration and guarantee that all players who register will play. Any team, which determines participation by tryouts, is not permitted in VIGS.
 - c. The prospective organization must be approved by a majority of the member organizations. Community membership expires after missing 2 spring seasons. League policies will be determined by a majority vote of the member organizations, one vote per organization.
2. Any member team is subject to forfeit, censure, suspension, or expulsion by a unanimous vote of the non-offending organizations. (i.e., North Penn would not have a vote if the issue concerned a North Penn team.)
